

FOIA Request No. EPA-R2-2017-004832

We researched the (RCRA) hazardous waste file for Pittsburgh Metal CERCLA Cleanup located at 41-59 Aetna Street in Jersey City, New Jersey, and EPA ID No. NJD981490295, and there are no additional new records in the file since the last submittal in June 2013 for the previous FOIA submitted EPA-R2-2013-007327.

Also, for your information, we had sent to Mr. Richard J. Mailhot of Dresdner Robin in Jersey City, New Jersey, a copy of the RCRA Facility File Index Sheets for another RCRA handler file that we have for Pittsburgh Metal & Equipment Co. Inc. at Foot of Jersey Avenue in Jersey City, New Jersey, and EPA ID No. NJD000540062, and we also noticed on the Facility File Index Sheets that there are no additional new records added to the file since the last submittal in June 2013 as well.
